

RE: FEE STRUCTURE 2010-2011 / RE- ENROLLMENT

(IMPORTANT - Please Read & Take Action)

Dear Parents,

NIS is already preparing for the next academic year. Fundamental to this preparation is the carefully planning of a school budget that will enable NIS to operate and move towards its future aspirations.

At NIS we aim to invest heavily in the future of our students. Hence, we have a long-term commitment to providing a high quality educational environment, plus excellent facilities, resources and teachers. As you are no doubt aware we are actively seeking to employ overseas qualified teachers from the UK, South Africa, Australia, Canada, Jordan and Egypt. Unfortunately, achieving these aims comes at a cost. Therefore, in order to achieve these commitments to students and parents it will be necessary to increase the school fees for the forthcoming academic year (See the attached documents).

After the announcement that the school will be offering IGCSE & SAT, and that the school is the only registered examination centre outside Al- Khobar (for SAT & IGCSE) it is likely that we will experience a significant increase in student numbers during the next few years.

At this stage it would be extremely helpful to be able to estimate the size of the student body at the start of the 2010 / 2011 academic year. This is particularly important in KG2 – G6, where many of our classes are already at, or close to, capacity. We already have waiting lists for some of these classes. Obviously, we would like to give re-admission priority to our current students and allow them to reserve places at the school.

Therefore, I would ask that you review the attached documents carefully and return the attached "Re-Enrollment Form" to the school to your child's HR teacher / Class Advisor, **on or before May 10th 2010. Please note that if you do not return this slip then the school will assume that you are not intending to re-enroll your child / children.**

Sincerely,

Tony Fynn, Principal
